AL MAR KNIVES 2004

馬國森

AL MAR KNIVES – A WARRIOR'S EDGE™  
OUR 25TH ANNIVERSARY 1979 - 2004

In 1979, Al Mar created "Specialty Cutlery" with the introduction of unique designs, produced at quality levels that rivaled custom, hand-made knives. We made the first Tactical folder, which is the forerunner of our SERE 2000™ and we introduced the original Al Mar "Front Lock" into production. Today, 25 years later we continue to make every "Al Mar" using the finest steels, scale materials and heat treatment available. Our knives are assembled, finished and sharpened all by hand, by craftsmen dedicated to creating the very best knives you can buy.

# SERE 2000™

(Survival-Evasion-Resistance-Escape)

The SERE 2000™ is world renown as one of the strongest tactical folders in existence. Available in satin finished VG-10 (S2K) or matte black chrome (S2KB), today's SERE 2000™ features pillar construction, flow through design, dual thumbstuds and our reversible Deep Pocket Clip for discrete carry and delivers the kind of performance you need in the real world.
